

ABOUT US

Santana Lifting Projects is a leading mobile crane hire company based in Johannesburg, South Africa, with over two decades of industry experience. Established in 2003, we are a Level 2 BBEE company contributing to South Africa's infrastructure growth while fostering economic empowerment. We offer one of the largest and most diverse mobile crane fleets, ranging from **8-ton to 275-ton** cranes, with access to mobile cranes up to 750 tons and crawler cranes up to 1600 tons.

Operated by highly qualified professionals, our equipment is maintained to the highest standards. We deliver tailor-made lifting solutions for a wide variety of projects, ensuring the right equipment for any project size or complexity.

MISSION

Our mission is to provide safe, reliable and efficient lifting services that exceed client expectations. We are committed to professionalism, attention to detail, and a strong emphasis on safety and operational excellence.

OUR COMPETITIVE EDGE

Santana Lifting Projects leads the mobile crane hire industry by offering access to some of the largest cranes in the market. This enables us to handle a wide range of projects, from small-scale construction to heavy-duty mining and industrial tasks, particularly in sectors like renewable energy, mining, and construction.

WHAT WE OFFER

Comprehensive Mobile Crane Hire Services

We serve industries such as construction, mining, engineering, power stations, petrochemical, film, steel erection and more providing solutions for both practical lifts and heavy-duty jobs.

Tailored Solutions

We customize services to meet specific project requirements through site inspections, risk assessments, and expert implementation for seamless project execution.

Experienced Management

Led by founding director Eddie Santana, with over 30 years of experience in the crane industry, our management team is committed to providing hands-on, client-focused service.

Our Fleet

We operate a modern fleet of cranes from **8 tons to 275 tons** in-house, with access to larger cranes for specialized jobs.

Our fleet includes equipment and support vehicles to ensure optimal performance and reliability for every project.

Commitment to Learning & Development

Our operators are among the most skilled in the industry, holding qualifications in Mobile Crane Operations.

We invest in workforce development, ensuring our team stays ahead of industry standards through continuous upskilling.

Health & Safety

Safety is a core pillar at Santana Lifting Projects.

Our Safety-First Culture ensures that all staff and equipment meet the highest safety standards.

We maintain up-to-date certifications and provide regular training to prioritize safety on-site.
